

THE
WHITE ROSE MANUSCRIPT

Beloveds,

Welcome to the White Rose Manuscript; we will touch on the sacred lands that Jeshua travelled to during his formative years to prepare for his ministry and life with Mary Magdalene. The text and practices will awaken and deepen each initiate in unique ways into the mysteries of the Divine Masculine, Essence, energies and archetypes from the Rose lineage.

Upon this path, you will bring healing and awareness to the masculine principles and rose codes within. As part of the mysterium, you will receive the Rose disc activation, the seed of light transmission and a beautiful rose ceremony at the end of the path that will restore, reconnect and integrate the 'Masculine' in new and renewed ways.

In alchemy and mysticism, a white rose represents the magical elixir of Eternity, life and death, fertility and virginity. It forms the sacred union of duality with the Red Rose that creates our physical reality; it represents the power of knowledge and the deeper meaning of our connection to our source.

In the mysterium, we also have beautiful integration practices such as a soul tantra sequence, an affirmation and a mantra. So, please continue the priestess practice and enjoy this beautiful template path.

All my love & Devotion.

Chloe.

THE POWER OF
ISSA/ISHA

THE WHITE ROSE

OF PURE LOVE

The Lineage of the White Rose, in essence, is the ascended 'Christ/Sophia' path of devotion through Divine love and the holy spirit.

The White Rose symbolises purity, liberation, alchemy and mysticism. This lineage awakens the brilliant White light of celestial truth on the earth and within the stars.

In the Magdalene Priestess year's path, these mysteries are overlit by Jeshua, who comes forth as our wisdom keeper and guardian with Mary Magdalene.

The white Rose is a symbol of the journey from the depths of the underworld to Enlightenment. In alchemy and mysticism, a white rose represents the power and purity of knowledge and the communion with this knowledge to attain sacred union or partnership.

This journey of alchemy includes the harmonising of duality, integration and wholeness.

The White Rose, in its most profound meaning, is 'Pure Source', the eternal truth that signifies loyalty, the blossoming between a man and a woman, and their sacred consummation.

Finally, these mysteries usher in peace, tranquillity and harmony into any patterns, memories and energies disturbing an inner sacred balance and unity. It reconfigures the natural rhythms, cycles and lores within and without

WHITE SOURCE

WATER

At the base of the Tor, the Star Temple of Avalon, Glastonbury, the white spring waters bubble up from the depths of the earth's fertile soil.

At this source point, a temple cave sanctuary honours the Spirit of the White Spring.

It is an expression of gratitude for the waters containing life's pure gifts. The sanctuary is a place of reflection, inspiration and healing. It is a sacred site of great depth and beauty. It is a living water temple.

In dedication to the spiritual energies of this place, there has been a beautiful pool and shrines built so that we can pilgrim, bathe and commune in the holy waters.

The water is white due to its high calcium content and can symbolise the masculine fluids, milk and bones, often seen as the structure and foundation of the masculine essence.

In the Grail legend, Jeshua and the kings of ancient times were said to have had an emblem of a white Rose within their hearts to represent their union and devotion to the feminine and water element.

The colours of the White Well and Red waters of Chalice Well's energies combine and can be seen reflecting the colours of the Faery and Priestess realms that weave and spiral within the sacred lands of Avalon.

JESHUA'S BEN JOESEPH

In April BC in Bethlehem, a celestial star orchestration formed a cosmic gateway for the pure Christ principle to descend into Earth's womb. Jeshua's Mother, Mother Mary and father Joseph were fully aware of this great 'seeding of light' that would take place through their beloved and holy child.

The gathering of stars, Shekinah, the elements and the initiated soul family paved the way for this tremendous cosmic alignment and birthing. Jeshua's birth created a monumental paradigm shift and activated the Christ DNA in the body of our Earth Mother and within each being.

Jeshua's birth fulfilled the first part of the star prophecy that marked the most significant anchoring of Christ's light upon the planet. It is said that everywhere was filled with golden light. The light stayed in the skies for 40 days and the bright star for two months.

Jeshua spent much of his early years within the Essene community in Qumran and travelled extensively with his mother and uncle, Joseph of Arimathea. Joseph took Jeshua all around the world to study with the prominent teachers and mystery schools of that time.

The teachers who initiated Jeshua were the keepers of the hidden knowledge, wizards, Magi, masters and adepts who knew the true nature of Jeshua's sacred mission. He learnt the mysteries of Gaia, the stars, light conception, immortality, tantra and resurrection.

Jeshua was a rapid learner and passed through all his initiations with influential metaphysical teachers, the Goddess and the elements. The Druids were highly influential in Jeshua's life, and he accumulated extensive wisdom in their headquarters in Glastonbury.

Jeshua formed a beautiful philosophy called the 'Way' that incorporated his vast accumulation of knowledge and learning, preserved ancient knowledge and included his unique mastery and wisdom.

His personal story and ministry with Mary Magdalene are an inspiration. And as you may know, it was monumental seedings of light that marked the ascent and birth of the New Golden Dawn.

As part of our journey of remembrance, we will now go deeper into Jeshua's connection to the royal bloodline, the golden chalice, India, and Avalon.

THE GOLDEN CHALICE

There was once a time when the Goddess was deeply honoured on Earth. We were in harmony with the natural world, and the primordial waters were worshipped and revered.

The Well Maidan or Grail Priestesses tended the Waters as part of the sacred contract between the Land and humanity. And this ancient Magdalene tradition can be traced back to the times of Lemuria. This is a lineage of Divine water Priestesses, Womb keepers and bearers of spiritual wisdom.

These beings are otherworldly and personified as the life-giving Spirits and matter of the Land, the Genius Loci, or 'spirits of place'. They dwell where freshwater flows, such as at sacred wells, streams, weirs, waterfalls and rivers.

Their bloodline is ancient and of the original Fae lineage of the Celtic British and Irish isles. They communicate inter-dimensionally and have magical powers and gifts. For example, they tend, anoint and baptise with their Golden Cup or Chalice, called the Holy Grail, a Magdalene signature.

AVALON

In Avalon, all life is harmonious and at one with the natural world. The King/Masculine energy is personified as Melin, Kings, High Priests, Bards and great Druids such as Joseph of Arimathea. from the great white brotherhood.

In ancient manuscripts of Ireland and the British Isles, the Goddess was revered and highly respected for the power she embodied and cultivated to ensure all life was in harmony with the natural world.

These laws and the devotional worship of the Divine Mother are imbued in the original teaching and ancient spiritual tradition of Israel, Egypt, Greece, India and England, where Jeshua travelled to learn and prepare for his ministry.

At 13 years of age, Jeshua received his initiation rites in Avalon, where he was taught directly by the Druids and High Priestesses of the Holy Isle.

He travelled to Avalon with his Mother and Joseph of Arimathea. He spent time in Moon colleges and temples at a moment when Glastonbury was the most powerful headquarters for esoteric learning.

Jeshua was initiated through one of the most important rites of passage that prepared him for his ministry and resurrection path. He received high tantric teaching and alchemical knowledge of the Holy Grail and Golden Chalice. The profound wisdom deepened his understanding of the codes of Kingship and the Divine Feminine path of Oneness.

A large, leafy tree with green foliage stands prominently on the right side of the frame. In the background, a town with several buildings is visible, nestled in a valley. The overall atmosphere is serene and natural. The text is overlaid on the lower-left portion of the image.

The Royal Bloodline

& the Brotherhood of the Rose

At the time of Golden Lemuria, the wisdom keepers of the Rose seeded the Grail lineage upon Gaia. The Rose Priestesses and Priests, high initiates of the Stars (Venus, Sirius, Pleiades), formed balanced councils in temples around the Earth and anchored the three-fold flame of Love, Wisdom and Power. These councils were organised with 12 women and 12 men centred around the flame of the Divine Mother.

These Rosa Mystica Councils have preserved and carried the Divine Mother's light and the mysteries of the Chalice Sword and the Rose since the beginning of time. And are returning these comic frequencies to the planet synonymously with the turning of a new 26,000 cycles and golden age.

As part of the new cycle, we are restoring and healing the sacred masculine and divine feminine to their true nature and union. The Brotherhood of the Rose or the White Brotherhood comes to us now to re-activate this sacred work by awakening the seeds of light within.

The brotherhoods are high councils and Holy Grail lineages who carry the golden 'Seed' and the Sword of Truth. As custodians of the Earth, protectors, tenders and preservers of Rose's inner royal mysteries, they replenish the Goddess's energies and unveil them.

The lineage comprises Christ's cosmic beings, Angels, dragons, solar logos, and Ascended Masters. The Brotherhood serves to ground, protect and carry the codes of the Sacred Rose by activating dormant ancient memories and royal king codes of pure masculinity and Divine Mother devotion.

JESHUA ROYAL LINEAGE

Jeshua was a descendant of the King Davidic line. David means "beloved" in Hebrew or "to love", this being the root and pure intention of the Royal lineage, King and Queen embodiment. Royal refers to a state of attainment, pure DNA and a high level of mastery acquired by adepts in the ancient sexual arts, birth rites and resurrection practices, and the Bridal chamber mysteries.

Jeshua was light conceived through the Womb of Mother Mary, Stella Maris, Star of the sea. In the Blue Rose, we covered this subject which you can read over once again if guided.

The sacred rites of light conception, however, is an ancient process of sacred marriage/'hieros gamos', and as part of the process, the Bride and Bridegroom King/God unite in the Holiest of the Holies to receive a sacred anointment.

The Royal House of David

The seed of the Rose

The wisdom of sacred sexuality, magic and light conception are returning at this time. Bringing the healing and integration needed to ground higher energies and waves of light onto the planet and into the heart of humanity.

Jeshua and Magdalene prophesied this cycle as a time when the feminine 'Christ' would return and lead us back into unity, truth and Love.

Before Christ, King David, the original king of Israel, seeded these mysteries during his reign. Also, he founded a dynasty and united all the 12 tribes of Israel under a single monarch.

His son Solomon continued the royal lineage and built the first Temple and holy sanctum (First House of the Sanctum) on Mount Moriah in Jerusalem. The Temple was aligned to Venus and worshipped Goddess Ashtoreth/Asherah, a direct descendant of the rose line and one of Mary Magdalene's Teachers.

The Temple was a significant holy sanctuary that later initiated 'the Anointed One' Jeshua through the sexual mysteries of light. Jeshua incarnated around 900 years after the building of the temple.

At this time, the Brotherhood of the Rose are awakening and revealing Codes that have been hidden and preserved, called sub-rosa mysteries.

This lineage has actively protected the Christ bloodline and the holy grail and they have been called Christ knights of the Temple of Solomon' Christi Templique Salomonici'. Later called the Knights Templars, an order of knights founded in 1119 and headquartered on the Temple Mount in Jerusalem.

These Men were ritually knighted, aligned to the Venus Star in the sky, becoming keepers of the secret knowledge of the Chalice, Rose and Holy sword.

And now we are invited onto a journey of Rose alchemical to heal and renew the sacred masculine within. Blessed be.

LUGHNASADH

HIGH HOLY SABBAT

Lughnassadh is a turning point on the nature's wheel, a High Holy festival Sabbath of Abundance, and plenty celebrated as the Union of the Earth and Sun. We are in the peak of high summer, the lands are golden and flushed with fruits, and it's the beginning of the harvest season.

The energies usher in the timeless artistry of gratitude, communion and harvesting our manifestations with care. Harvesting is an ancient ancestral wisdom tradition of cultivation, contemplation and alchemy. The alchemy includes the solar codes and mysteries that at this Holy Sabbath begin to shift and change as the days shorten and the nights become longer.

At Lughnasadh, we bless our ripening cycle and the seeds we planted at Imbolc. This is a moment of stillness, cultivation, and communion with the fruits of our dreams and manifestation. But, first, we touch our blossoming ripe fruits and, through the ceremony, reflect on how our heart's dreams have blossomed and fully formed in the outer world.

Then, as part of the art of harvesting, we commune with the fruits, blossoms and herbs and intuit what their message, purpose and gifts are in our lives and our communities. This is a sacred festival to receive a deeper understanding of what has come to pass, how we incorporate this into our life as medicine, and how it informs the next cycle of nature's wheel.

SWEETNESS OF THE WHITE DOVE, WHOLENESS IS
RESTORED, AND LIGHTNESS PREVAILS ."

YESHUA IN INDIA

I have always had an affinity with India's spiritual and embodiment teachings. I love yoga and the sister lineage Ayurveda, and I feel it is deeply connected to ancient Egypt, the Isis and Osiris mythos and the civilization of Atlantis.

Jeshua, being the reincarnation of Horus, the beloved child of Isis and Osiris, pilgrimage to key sacred lands in his younger life, including the British Isles, Egypt and India.

This is significant as it reveals and decodes the truth of this holy rose lineage and how the wisdom teachings are profoundly interconnected and rooted in ancient Atlantis and the stars.

After his initiation in Avalon at age 13, Jeshua travelled to India, where he lived with master Yogis in the Himalayas. He was initiated into the highest spiritual life through the Temple's ancient yogic system of enlightenment and sacred sexual practices.

Sexuality and creation energy is innate within the yogic systems like the ancient Egyptian artistry. The practices and rites energise, renew, and restored the bodies in readiness for rebirth. The ancient Indian systems also used Soma, the elixir of life.

In India, Jeshua was given the spiritual name "Isha," which means Lord, Master, Messiah, or Ruler, a title of Shiva.

He was trained in the Lunar and Solar mysteries of Yoga, breath, mudra, pranic consciousness, and the technologies of ascension.

The Yogi masters such as Babaji imparted pearls of wisdom to support his divination powers and gifts of prophecy. In addition, he received rigorous training in the magic formulas, or mantras, as well as esoteric rituals and sexual and spiritual magic practices.

The Yogis have parallel beliefs to the ancient Egyptians, Celtic druids and the Essenes, incorporating their love of astrology, amulets of plants and gems into everyday life.

They also believed that angels had taught Moses the practice of herbalism and were the original messengers. The Essenes maintained their temple on Mount Carmel, following the original angelic directions given to Moses on Mount Sinai.

Finally, Jeshua learnt that miraculous cures were natural extensions of authentic spiritual life and deepened his healing powers and Siddhis. He learned from these masters, the land and ancient texts.

Jeshua bought these different traditions together, harnessed these mystical truths, and birthed the Way.

THE DEAD SEA SCROLLS

The Dead Sea Scrolls are ancient manuscripts discovered between 1947 and 1956 in eleven caves near Khirbet Qumran, on the northwestern shores of the Dead Sea.

They are thousands of years old, dating from the third century BCE to the first century CE. Most of the scrolls were written in Hebrew, with a smaller number in Aramaic or Greek. They were found by a shepherd boy following his goats and were purchased shortly after by archaeologist E. L. Sukenik on behalf of the Hebrew University.

These ancient scrolls and other sacred texts contain secret truths of our true history, the mysteries of Essenes of Qumran, the Messiah and the Grail bloodline. They were written before the time of Jeshua and Mary Magdalene.

The study of ancient Jewish texts such as the dead sea scroll and the Torah reveals that 40, 480 and 1,440 years seem of fundamental importance, which ties into the patterns of Venus. The planet Venus forms a pentagram in the night sky every eight years, returning to its original point every 40 years with a 40-day retrograde. Jeshua spent 40 days and 40 nights in the wilderness before he began his ministry. It is said that he did it in conjunction with Venus's retrograde.

In the book of Hiram, the blazing pentagram star is mentioned many times for high holy ceremonies and rituals. Venus forms part of the Star prophecy in the Dead sea scrolls and is honoured by many cultures. The Mayans calculated the Venus cycle with remarkable precision.

“I unveil the mysteries again and again through my unwavering love, purity and innocence. I illuminate from the depth of darkness the peace that dwells within. The white rose assists in attuning to the inner silence to reawaken spiritual truth and wisdom on the path of cosmic harmony and higher knowledge.”

THE Glyph

Triangle & Pyramid
MAGIC

I AM Grounded in the INFINITE SPIRIT OF LIFE

The pyramids' shape is chosen precisely to reflect aspects of divine unity. The pyramid has four faces. Three faces to the heavens and one face to the earth. The pyramid is composed of 4 equilateral triangles, which all manifest the cosmic nature of God 3 in 1 and 1 in 3.

The upward-facing triangle represents a strong foundation, stability and the holy trinity. Earth and water symbols are formed from upward-facing triangles. The triangle symbolises ascent to heaven and represents the male energy and elements

Triangles and other three-part symbols can also stand for the triple goddess, past, present, and future or spirit, mind, and body.

Some occultists use the triangle as a summoning symbol and a gateway glyph to receive and attune. At the culmination of a ritual, the triangle can be used to seal the work. Priestesses often perform rituals from the protection of a circle and utilise the power of the pyramid to direct and receive powerful energies.

The ancient Egyptians, Mayans and Celtic druids used pyramids to raise consciousness and to connect and commune with multi-dimensional realms and Source.

At the spiritual level, the pyramid is a symbol of the integration of self and soul.
